FORMALITIES AMENDMENT UNDER 37 C.F.R. § 1.312

Sir:

In order to correct two remaining typographical errors in the specification, and to replace three paragraphs inadvertently deleted by the previously submitted supplemental amendment of June 18, 2004, the Applicant respectfully requests that the Patent Office substitute the attached specification in place of the previous specification. The Applicants believe that entry of this amendment is appropriate to obviate the need for a certificate of correction, and to ensure that the patent as issued is free from errors in form. The Applicant apologizes for any inconvenience in processing this amendment.

The typographical errors which have been corrected are as follows:

- The paragraphs have been accurately renumbered.
- On page 4, ¶ 14 : "The latest technology focus has been the development of fragrance persistent formulations using cyclodextrins to trap volatile components, as disclosed in U.S. Pat.

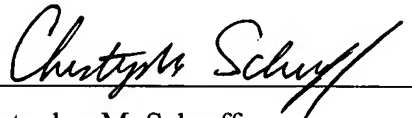

No. 5,102,564, Gardlik, et al., issued Apr. 7, 1992 and U.S. Pat.
No. 5,234,610, ~~Gradlik~~ Gardlik, et al., issued Aug. 10, 1993.”

- On page 27, ¶ 133: “The results of the ~~comparision~~
comparison are shown below.”
- On page 30, ¶141-143 have been re-added. These
paragraphs are not new matter, and were originally present in the
specification as filed and as published as U.S. Patent App. No.
2004/0076829 A1. These paragraphs were inadvertently deleted in
the previously submitted supplemental amendment.

The Commissioner is hereby authorized to charge any additional fees or credit
any overpayments to deposit account number 13-0017, in the name of McAndrews, Held
& Malloy, Ltd.

Pursuant to 37 C.F.R. § 1.312, the issue fee for this allowed application is
enclosed herewith.

Respectfully Submitted,
